

J&K STATE POLLUTION CONTROL BOARD
Jammu /Srinagar (www.jkspcb.nic.in)

CONSENT ORDER

SPCB - 424 -of 2017 dated 5-7-2017

Consent to Operate (Renewal) under section 25/26 of the Water (Prevention & Control of Pollution) Act, 1974, and under section 21 of the Air (Prevention & Control of Pollution) Act, 1981, as amended is granted in favour of

Mr. Abdul Rauf Trambo

M/s Khyber Petroleum and Minerals Pvt. Ltd.
(LPG Bottling Plant)
Ladoo, Lethpora, Pulwama

for a period up to March 2020 for Orange category of LPG Bottling Plant as per revised classification of industrial sector, subject to the following terms and conditions in a time bound manner:

1. The consent granted by the Board is restricted to Prevention and Control of Pollution only and shall not be treated as substitute of permission required under other laws of the land.
2. The consent granted is for bottling of LPG Gas cylinders with below mentioned quantity having capital investment of Rs. 172.31 lac (as per schedule II). Any change/ enhancement in the production capacity, process, raw material etc shall have to be intimated to the Board and the unit holder has to apply afresh for the same.

S.No.	Activity	Maximum Quantity
1	Bottling of LPG in Cylinders	3000 Nos/ day

The emissions or discharge of environmental pollutants from the LPG Bottling Plant / establishment shall not exceed the relevant parameters and standards for the said industry, operation or process specified under respective schedules of the Environment (Protection) Rules, 1986 as amended from time to time.

3. Compliance under Water Act:

a. Standards of discharge for Sewerage disposal:

Sewage Treatment – The unit holder has to install a comprehensive treatment system as is warranted with reference to effluent quality and operate and maintain the same continuously so as to achieve the quality of treated effluent to the following standards before disposal :-

Parameters	Range	Conc. in mg/l except pH
pH	Between	6-9
Suspended Solids	Not to exceed	100
BOD, (3 days at 27°C)	Not to exceed	30

b. All the domestic waste water is disposed off through septic tank and soakage pit. Trade effluent is disposed off through effluent treatment plant.

c. Water consumption

- i. The daily quantity of sewage effluent from the LPG Bottling Plant shall not exceed the approved permissible limits
- ii. The daily quantity of water consumption shall not exceed the approved permissible limits.

4. Compliance under Air Act:

a. The unit holder shall comply to National Ambient Air Quality Standards as per EP Act 1986 (refer rule 3(3B)).

b. The unit holder has to install and operate stack (S) of the following specifications:

S.No.	Stack attached to	Volume Nm ³ /hr	Height	Top Diameter	Velocity of gas emission m/sec
1	Fire Engine		35 feet	0.7 ft	26.14

Bohm

5. Compliance under Noise Pollution (Regulation and Control) Rules 2000 as amended

The unit holder shall take adequate measures for control of noise from its own sources within the premises so as to maintain ambient air quality standards in respect of noise to less than 75 db(A) during day time and 70 db(A) during night time. Daytime is reckoned in between 6am to 10pm and night time is 10pm to 6am.

6. Pollution Control Equipments & Measures:

The unit holder has to operate and maintain a comprehensive water pollution control system at the time of operation of LPG Bottling Plant as applicable under environment protection act 1986

7. Self Monitoring Schedule:

The unit holder shall get the samples of treated effluent/emissions analyzed from the J&K SPCB laboratory or laboratory approved by the J&K SPCB and submit self monitoring report after every six months from the date of issuance of this consent for ascertaining the efficacy of pollution control devices under environment protection Act, 1986.

8. The unit holder shall comply with the additional conditions as stipulated below:-

- i. The Consent is valid for the **operation of the unit for bottling of LPG cylinders only.**
- ii. Pollution Control Devices (ETP/ECD) as contemplated to achieve the quality of emission within the tolerance limits prescribed, shall have to be operational during the course of production. The emission shall not contain constituents in excess of the tolerance limits as laid down under the guidelines of EP Act.
- iii. The unit holder shall be liable to pay compensation in case any damage is caused to the environment.
- iv. The unit holder shall abide by the directions of the Board which will be issued from time to time. Any infringement/violation or transgression of the statutory enactments of pollution control acts by the LPG Bottling Plant shall be sufficient cause to prosecute the violator in conformity with relevant section of Air / Water Acts and Environment Protection Act in force.
- v. The LPG Bottling Plant shall be under surveillance monitoring of J & K State Pollution Control Board.
- vi. The unit holder shall provide adequate arrangement for fighting the accidental leakages/discharge of any air pollutant/gas/liquid from the vessel, machinery etc. which are likely to cause fire hazard including environmental pollution.
- vii. The unit holder should apply 60 days in advance for renewal of consent before expiry the date of this Consent order.
- viii. *The unit holder shall follow the manufacture, storage and import of Hazardous Chemical Rules 1989.*
- ix. *The unit holder shall ensure a safe, cautious storage and disposal of the pint sludge generated from the unit.*
- x. In case of violation of above mentioned conditions or any public complaint the consent shall be withdrawn.

* This consent is issued purely from environmental angle and the Board shall not be responsible for any claim, counter claim, ownership, partnership etc. of the LPG Bottling Plant.
