

J&K STATE POLLUTION CONTROL BOARD

Jammu /Srinagar (www.jkspcb.nic.in)

CONSENT ORDER

SPCB 431 of 2017 dated 7-7-2017

Consent to Establish (Renewal) under section 25/26 of the Water (Prevention & Control of Pollution) Act,1974, and under section 21 of the Air (Prevention & Control of Pollution) Act,1981, as amended is granted in favour of

M/s APCO infratech Private Limited
(Workshop)
Village Gagangeer Ganderbal

for a period of six months from the date of issuance of this consent for Orange category of workshop as per revised classification of industrial sector, subject to the following terms and conditions in a time bound manner:

1. The consent granted by the Board is restricted to Prevention and Control of Pollution only and shall not be treated as substitute of permission required under other laws of the land.
2. The consent granted is for establishment of workshop for the maintenance and repairing of equipments to be used in the project with capital investment (as per schedule II) Rs. 200 lac.

S.No.	Details of workshop equipments	Maximum Quantity
1	Lathe Machine	2 Nos'
2	Pedestal Drill Machine	2 Nos'
3	Pedestal Grinder	2 Nos'
4	Type Repair Compressor	2 Nos'
5	Battery Charges	10 Nos'
6	Welding set	10 Nos'
7	Washing Repairing Ramp	01 No.
8	Electrical Welding machine	04 Nos'
9	Electrical Testing Boards	04 Nos'
10	Small Cranes	03 Nos'

The emissions or discharge of environmental pollutants from the workshop / establishment shall not exceed the relevant parameters and standards for the said industry, operation or process specified under respective schedules of the Environment (Protection) Rules, 1986 as amended from time to time.

3. Compliance under Water Act :

a. Standards of discharge for Trade Effluent :

Treatment – the project proponent has to install a comprehensive effluent treatment system consisting of Primary / Secondary and / or Tertiary treatment so as to achieve the quality of the treated effluent to the following standards of discharge outlet:

Parameters	Conc. in mg/l except pH
pH	6.5 – 8.5
Suspended Solids	100
BOD (3 days at 27°C)	30
COD	250
Oil & Grease	10

b. Standards of discharge for Sewerage disposal:

Sewage Treatment – The project proponent has to install a comprehensive treatment system as is warranted with reference to effluent quality and operate and maintain the same continuously so as to achieve the quality of treated effluent to the following standards before disposal:

Parameters	Range	Conc. in mg/l except pH
pH	Between	6-9
Suspended Solids	Not to exceed	100
BOD, (3 days at 27°C)	Not to exceed	30

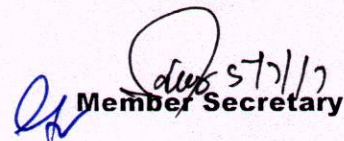

Bob

- c. All the domestic waste water is disposed off through septic tank and soakage pit. Trade effluent is disposed off through effluent treatment plant.
- d. **Water consumption**
- i. The daily quantity of sewage effluent from the workshop shall not exceed the approved permissible limits
- ii. The daily quantity of water consumption shall not exceed the approved permissible limits.
4. **Compliance under Air Act:**
- a. The project proponent shall comply to **National Ambient Air Quality Standards** as per EP Act 1986 (refer rule 3(3B)).
5. **Compliance under Noise Pollution (Regulation and Control) Rules 2000 as amended**
The project proponent shall take adequate measures for control of noise from its own sources within the premises so as to maintain ambient air quality standards in respect of noise to less than 75 db(A) during day time and 70 db(A) during night time. Daytime is reckoned in between 6am to 10pm and night time is 10pm to 6am.
6. **Pollution Control Equipments & Measures:**
The project proponent has to operate and maintain a comprehensive water pollution control system at the time of operation of workshop as applicable under environment protection act 1986
7. **Self Monitoring Schedule:**
The project proponent shall get the samples of treated effluent/emissions analyzed from the J&K SPCB laboratory or laboratory approved by the J&K SPCB and submit self monitoring report at the time of the operation of the workshop for ascertaining the efficacy of pollution control devices under environment protection Act, 1986.
8. **The project proponent shall comply with the additional conditions as stipulated below:-**
- The Consent is valid for the **Establishment of Workshop only**.
 - Pollution Control Devices (ETP/ECD) as contemplated to achieve the quality of emission within the tolerance limits prescribed, shall have to be operational during the course of production. The emission shall not contain constituents in excess of the tolerance limits as laid down under the guidelines of EP Act.
 - The project proponent shall be liable to pay compensation in case any damage is caused to the environment.
 - The project proponent shall abide by the directions of the Board which will be issued from time to time. Any infringement/violation or transgression of the statutory enactments of pollution control acts by the workshop shall be sufficient cause to prosecute the violator in conformity with relevant section of Air / Water Acts and Environment Protection Act in force.
 - The workshop shall be under surveillance monitoring of J & K State Pollution Control Board.
 - The project proponent shall provide adequate arrangement for fighting the accidental leakages/discharge of any air pollutant/gas/liquid from the vessel, machinery etc. which are likely to cause fire hazard including environmental pollution.
 - The project proponent should apply 60 days in advance for renewal of consent before expiry the date of this Consent order.
 - In case of violation of above mentioned conditions or any public complaint the consent shall be withdrawn.
 - The project proponent shall construct a separate room of required capacity to store hazardous waste and subsequently send to registered recycler as per Hazardous Waste (Management & Handling) Rules. The receipt from registered recycler for hazardous waste be submitted at the time of operation of the workshop.**
 - The project Proponent shall not operate the workshop unless the Board issues Consent to Operate (Fresh) in favour of the workshop.**
 - This consent is issued subject to the condition that the project proponent shall submit a proposal with drawing and design details for the installation of Effluent Treatment Plant before seeking consent to Operate(Fresh).**

* This consent is issued purely from environmental angle and the Board shall not be responsible for any claim, counter claim, ownership, partnership etc. of the workshop.
