

J&K STATE POLLUTION CONTROL BOARD

Jammu /Srinagar (www.jkspcb.nic.in)

CONSENT ORDER

SPCB ---501---of 2017 dated ---3-8-2017---

Consent to Operate (Fresh) under section 25/26 of the Water (Prevention & Control of Pollution) Act, 1974, and under section 21 of the Air (Prevention & Control of Pollution) Act, 1981, as amended is granted in favour of

M/s Khyber Industries (P) Ltd.
(Lime Stone Mine)
Tulpow Khunmoh Srinagar
(Mr. Riyz Ahmad Trumboo, Director)

for a period upto One year from date of issue for Red category of unit as per revised classification of industrial sector, subject to the following terms and conditions in a time bound manner:

1. The consent granted by the Board is restricted to Prevention and Control of Pollution only and shall not be treated as substitute of permission required under other laws of the land.
2. The consent is granted valid for extraction of mineral consented quantity as under with capital investment as per schedule II Rs. 3.50 Crore. Any change / enhancement in production capacity, shall have be intimated to the board and unit holder has to apply fresh for the same

S.No.	Products / By-product	Capacity	Mining Lease Area
1	Lime Stone	380000 TPA	77.96 ha

The emissions or discharge of environmental pollutants from the unit / establishment shall not exceed the relevant parameters and standards for the said industry, operation or process specified under respective schedules of the Environment (Protection) Rules, 1986 as amended from time to time.

The Consent is issued subject to the following conditions:

1. That no blasting shall be done to affect the Geomorphology of the rock and disturbances of BIO-mass only drilling /Chiseling/Manual operation for lime stone only shall be allowed. In case blasting is involved lessee has to seek the permission from concerned authority.
2. Fugitive Dust Emissions (SPM & RSPM) from all sources should be controlled regularly monitored. Water spraying arrangements on haul roads, wagger loading, dump trucks (loading & unloading) pts should be provided properly maintained.
3. That in case of any damage/adverse impact to the environment or if the activity is associated with any disturbances to the environment, the objection certificate (NOC) shall be treated as cancelled.
4. This certificate is restricted to extraction of lime stone to the area mentioned as above, any extraction beyond that area shall be at the risk & responsibility of the lessee for which action as per provision of EP Act shall be taken. The entrepreneur shall conform to provisions under Water (P&CP) Act, 1974 Air (P&CP) Act 1981 and Environment Protection Act, 1986.
5. That this NOC is to facilitate the unit holder to carry out mining operation in the permitted leased area as per mining plan.
6. The Waste (workshop & waste water from the mine generated, if any) should be properly collected, treated so as to conform to the standards prescribed issued by MOEF, GOI, New Delhi.
7. A green Belt of adequate width by planting the native species should be raised around the leased area, township, roads, OB dump site etc, in consultation with the Local Divisional Forest Officer/Agriculture Department. The density of the trees should be as per approved mining Plan from IBM. That the lessee will cover at least 30% of the total mining area under dense plantation.
8. The mining activity shall not contravene with the J&K Forest (Conservation) Act, 1997 and amendments thereof.
9. The stage-wise reclamation programmed in the lease hold area should be implemented. The land reclamation & black filling should be carried out concurrently with the mining activity.
10. Personnel working in dusty areas should wear protective respiratory devices and they should also be provided with adequate training and information on safety and health aspects.
11. The top Soil and OB dumps should be stacked in earmarked dump sites only.
12. Fugitive emission should be controlled & regularly monitored. Adequate measures for control of fugitive emissions should be taken during drilling operation, loading & transportation of material.
13. Adequate measures should be taken for control of noise level below 75 db (A) in the work environment.
14. Workers engaged in drilling, chiseling, blasting operation etc should be provided with ear plugs/muffs & safety measures.
15. Failure to comply with any conditions mentioned above could result in withdrawal of this consent.
16. An adequate arrangement of water is to be made at the site for dust suppression during operation, plantation & treatment waste water generated from the use of water at site.

17. No Mining shall be carried out in the Wildlife / Forest Land.
18. Drill should be wet operated only.
19. The Company shall obtain approval of Central Ground Water Authority/Board for use of Ground water if any for mining operation.
20. No Change in mining technology and scope of working should be made without prior approval of the Indian Bureau of Mines.
21. The above condition will be enforced inter-alia under the provisions of the Water(Prevention & control of Pollution) Act,1974,Air(Prevention & control of Pollution) act,1981. Environmental (Protection) Act 1986 public liability insurance Act 1991 along with their amendments and rules.
22. That the unit holder will maintain a safe & protective area of not less than 500 mtrs from the boundary of Dachigam National Park.
23. That the issuance of condition of this Board for the extraction of limestone from the proposed area shall in no way be binding upon this Board to grant to the unit holder .
24. That the project proponent will restrict mining activity to granted area only and leave rest of the area for the dense plantation green belt development.
25. **Self Monitoring Schedule :** The unit holder shall get the samples of treated emissions and effluents analysed from the J&K SPCB laboratory or laboratory approved by the J&K SPCB and submit self monitoring report by June 2018 for ascertaining the efficacy of pollution control devices to check the quality of emission as per limits prescribed under environment protection act 1986.
26. *The unit holder shall comply to the environmental conditions as mentioned in the environmental clearance order issued by Ministry of Environment ,Forest & Climate Change Impact Assessment Division vide No. J-11011/61/2008-IA II (I) dt: 4th May 2009 .*
27. *That the unit holder shall carryout mining operations strictly as per the approved Mining Plan from Indian Bureau of Mines (IBM) Government of India Dehradun and as per the best engineering practices to avoid any degradation to the surrounding environment*
28. This consent is issued subject to the condition that project proponent shall also monitor ambient air quality around the area and shall comply to environment standards as stipulated in EP Act 1986.

* This consent is issued purely from environmental angle and the Board shall not be responsible for any claim, counter claim, ownership, partnership etc. of the unit.
